PROFESSIONAL EXPERIENCE:

R&L Carriers – Ellenwood, GA

Driver, 2021 – 2022

Maintained a daily detailed driving and delivery log in the company's digital database.

Focused on ensuring on-time deliveries with a 90% on-time success rate, while promoting customer loyalty and retention.

Represented company in a professional and cost-effective manner to increase our profitability and customer satisfaction.

Briggs and Stratton Corp. – Stone Mountain, GA

Product Technical Support 2020 – 2020

Implemented skills in electronics and firmware that aided in repairing and diagnosing lithium-ion battery modules.

Assisted in developing the product's internal ISO (International Organization for Standardization) processes that helped provide product failure data analysis.

Performed root cause analysis and provided product design improvement to the company's hardware and software engineering teams.

General Dynamics Information Technology (GDIT) – Falls Church, VA

Federal Background Investigator, 2018 – 2019

Conducted background investigations to gather information on potential government personnel.

Completed detailed background checks using investigation tactics, courthouse research and databases.

Collected, verified, and compiled facts to initiate valid case files, which caused a 20% increase in case accuracy.

Verified and uploaded personal and professional information into case management systems, which led to a 10% increase in case resolutions.

Recommended practices for managing organizational data and information.

Governed classified and sensitive information within federal requirements, which led me to maintain a Department of Defense Top Secret Security Clearance.

Universal Protection Services: Piedmont Henry Hospital – Stockbridge, GA

Security Manager, 2015 – 2018

Integrated and evaluated unit performance on key security issues, recommending corrective action programs where appropriate.

Conducted analysis and gave reports with recommendations to resolve safety problems and issues that were ongoing on hospital property.

Led and trained a team of 5-8 security guards while developing procedures to identify and track criminal activity resulting in a 50% decline of criminal activity onsite.
